### FOREST FIRE SERVICE

#### Forest Fire Problem Serious

---

The year 1947 was one of the worst periods of drouth and forest fire occurrence in eastern United State's history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effective at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

## TOWN OF CENTER HARBOR

---

It is now time to take stock of our fire fighting facilities for the season ahead and to make them adequate where necessary. To this end town fire plans and training programs for wardens, deputies and other key men in each district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available man power in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 per cent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near a woodland when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

Stephen H. Bonner, District Chief

Maurice C. Chase, Warden

To the inhabitants of the School District in the Town of Center Harbor, qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on the ninth day of March, 1948, at 11:30 o'clock in forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the District.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

## TOWN OF CENTER HARBOR

---

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.

9. To see if the District will vote to sell the old School House opposite the Town House.

Given unto our hands at said Center Harbor this 21st day of February, 1948.

### REPORT OF SUPERINTENDENT OF SCHOOLS

---

#### School Enrollment

We approached the beginning of the school year in the summer of 1947 with a problem of overcrowding in the Center Harbor village school which seemed almost impossible to solve. The school board of Moultonboro partly solved this for us by transferring all Moultonboro pupils who have for a number of years attended this school, to the school at Moultonboro Corner. This relieved the situation materially, but it happened that most of those leaving were from the grammar room and the condition in the primary grades is still quite crowded.

#### Cooperative School Districts:

A law passed by the 1947 Legislature makes it permissible for two or more districts to join together and pool their resources to maintain schools. Several sections of the state are considering this matter seriously, especially with reference to high schools. It is said that a good variety and quality of high school education cannot be provided at a reasonable cost in a school of less than 300 to 400 pupils. There are many high schools in the state today that are smaller than this minimum. People are giving serious thought to the establishment of larger schools by joining two or more small ones into one unit.

According to the new law, each district that wishes to join such a cooperative enterprise needs to approve this action by vote at a district meeting. Many school districts are including in this year's warrant an article to authorize the school board or a special committee to make a study of this problem and bring in recommendations at a future meeting. The advantages and disadvantages of such a plan must be carefully studied with reference to each individual district before any definite action is taken.

## TOWN OF CENTER HARBOR

---

One result for Moultonboro if this district should vote to become part of a cooperative school district would be in the matter of control. As it now stands, we send tuition pupils out of town but our school board has no authority with reference to the administration, financing, or choice of teachers in high school. The new law would give each district representation on the cooperative school board and each district would share the cost of instruction and maintenance in proportion to the number of pupils enrolled from that district.

### **Continuing Shortage of Teachers:**

The supply of teachers, especially in the elementary grades, is still far from meeting the demand throughout the state. Less than 40 are graduating next June from our teachers' colleges with work in this field and the demand in September will be at least five or six times that many. We must continue to depend for several years yet upon people who formerly taught and who are willing to go back to this work, and we must try to interest more young people to enter the profession of teaching. Organizations such as parent-teacher associations and women's clubs can assist by sponsoring programs which will help to interest young women, as well as young men, in this profession. It will be several years before the supply can possibly meet the demand in this important field of service.

Respectfully submitted,

Almon W. Bushnell

### REPORT OF THE SCHOOL NURSE

---

The following is the report of the School Nurse for the past year.

School Visits .....	60
Pupils Inspected .....	73
Home Visits .....	19

Pupils were weighed and measured twice during the year.

Vision tests were done with the telebinocular.

Individual inspections were made when necessary for head and skin conditions.

Dr. Morrill did the physical examinations. Result of examinations:

Defective Teeth ....	18
Defective Vision .....	8 (8 have been corrected)
Defective Hearing ..	2
Enlarged Tonsils ....	2
Cardiac Conditions ..	2
Nervous Conditions ..	6

Due to whooping cough epidemic last spring seventy-five inoculations of whooping cough vaccine were given to alleviate the paroxysm of coughing. This was sponsored by the local Red Cross. The Red Cross is also sponsoring a milk program this winter. They are assuming one-third of the expense. The pupils and the Federal Government will be responsible for the remaining two-thirds.

I appreciate the cooperation of those who have helped in carrying out the health program.

Respectfully submitted,

Eva A. Heney, R. N.
